

## Match Report

Bournemouth Kangaroos v Parley 30-May

Parley 314/ Kangaroos 239

First of all I would like to thank Sterling and Cameron for playing in this match even though their flight home had been delayed and they only had four hours sleep. This showed real commitment to the team. I also want to thank Dillon for showing real character in coming back from injury. It would have been easier to miss this game bearing in mind the opposition so once again thanks for supporting your team! This was always going to be our toughest game of the season. Parley put out a team of District and County players and they played extremely well. We managed to score runs but could not avoid getting out-we lost 10 wickets whereas Parley only lost 2.

### Batting

Alex and Gareth had the difficult task of opening the batting facing the fastest bowler I have seen in this age group. Robert top scored with 23-after that if you deduct six runs for each time someone was out then everybody else was in single figures.

### Bowling

Robert and Oliver were the pick of the bowlers both taking a wicket each, Cameron taking a good catch from Robert's bowling. Robert was the most economical of our bowlers only conceding 4 runs per over, however he was closely followed by Alfie who only conceded five per over and bowled really well.

### **Champagne moment**

Parley were the better team but for sheer individual brilliance they had nobody to beat Robert. Facing a County bowler Robert hit one enormous six. He then decided to go one better and hit another that went even further and higher. An incredible shot!

Next game Wareham in the cup 06-June.
