

Bournemouth Cricket Club Colts update 4/7/2008.

With the season nearing the end!

The 15 Colts section sides continue to be involved at most age groups in challenges for league, runners up and cup glory.

Just to update where we are:-

The under 15's are County Champions. A tremendous effort from the team, and squad, who have all contributed to this success. With many of these Colts playing Adult Cricket, it is not surprising at their age group, they are doing so well.

Next round is a Regional Play Off game against a Somerset Club on the Sunday 20/7/2008 at Chapel Gate. If you have a few spare hours, please come and support the team, towards the Regional Finals.

The under 13's also made the Blackmore Vale Final, unfortunately losing to a strong Broadstone side. Great thanks to Rob & Rik for managing this side. Thanks to the boys for their contribution. In two years time hopefully you will be challenging again for the County Cup at under 15 level.

Back to East Dorset :-

The Cups.

The Under 9's hardball team have made the final of their competition without a ball being bowled. Yet again at this age group, Parley will provide formidable opposition in the Final.

At under 11's the Tigers have roared into 2nd place in the cup league. Thanks to Jim's Lions for defeating Parley, providing Mark's team with a chance of making the final stages. Mark's team still have Parley to play, so still some hard work to be done. The lions still may have an outside chance if results go their way?

The under 13's have reached the Semi Final of their cup competition. Next game is on Monday 7/7/2008 against Christchurch. Best of luck to the team on hopefully making another final this year.

The Under 14's Managed by Mike had a impressive win over Broadstone in the Quarter Final of the cup, with a home draw against Parley in the Semi's, we are wishing for a win, to make the final. This Semi final takes place Wednesday 16/7/2008.

The under 16 Colts defeated Christchurch by 38 runs to make the Final at Colehill on the 31/7/08. Best of luck boys in your final against Parley.

Back to the East Dorset Leagues :-

The Under 9's softball side are placed 1st in their league, but still have a tricky game against Hamworthy to come. Maybe some revenge for their cup exit to the same team. Best of Luck Mike & his team.

The Under 9 Hardball side are 2nd in their league. They are looking good for Runners up, with a few more games to go.

The Under 10's Kangaroos have been on a fine run after losing early to the Bournemouth Beasts. With a couple of games to go, a win will probably cement second place, and continued good play will provide a end of season game with Parley, where whoever wins, will win the league.

The under 10 Beasts,
The Beasts have a few games left to play. It would be great with a couple of wins to push for third spot.

The under 11 Tigers have put together a run, and will push the two top sides for a runners up place. Jim's Lions will look to the league, for a top four finish.

It's all very close in the Under 12's with Sue's Saxons still in with a chance of Second place after an impressive win last out against Wayfarers. I am pleased to see Richards Celts got off the mark with a win. Well-done Richard & team.

Under 13's fly high with the Eagles just ahead of Poole. A top two finish beckons for Rik's side. The Vultures continue to look for their first win. Best of luck Terry on your final games.

Mikes under 14's look good for a runners up slot, following on from their success to date in the Cup.

The Under 15's Dingoes managed by Lyndia are placed third and look good for a top three finish. Kevin's Foxes have a good chance of moving up the league, after playing mostly top league placed sides to date.

The under 16's look good for a top two place. Yet again Parley stand in their way. Best of luck to the 16's and great work Sean in getting this age group out, in exam year.

Without mentioning names, we are using at least 10+ boys at adult level on a Saturday. The hard work at training and whilst playing their age group games, has borne fruit with major contributions from batsman and bowlers at adult level. Well done to all Colts to date. Your commitment to the senior section has been incredible. Thanks.

All I ask of all colts is continued hard work and 100% commitment to their team. We are in a position to winners and be runners up, in a number of competitions. I wish you all well and look forward to continuing to hear good performances from your match managers.

Best wishes,

Neil Pack..
